July 27, 2018**

## **CSVT Update for Upcoming Week**

**Montoursville, PA** – Work is progressing on the Northern Section of the Central Susquehanna Valley Transportation (CSVT) project in Northumberland, Union and Snyder counties as follows:

### **River Bridge:**

Route 147 southbound traffic between Ridge Road and Lahr's Road in Point Township has been shifted to the center lane so Pier 14 for the river bridge can be constructed.

Construction of Piers 2 through 8 are complete. Construction continues on Piers 1, 9, 12, and 13.

Spans 5 through 8 are complete. Erection of span 4 will begin next week.

The causeway tentatively is expected to be transitioned to the north side of the river within the next two weeks.

### **Winfield Interchange:**

Route 15 northbound remains reduced to a single lane so the contractor can complete reconstruction of existing Route 15. Traffic has been shifted to the center lane of the highway. County Line Road east of Route 15 is closed. A detour is in place using Grangers Road and Line Road.

Wide loads over 14 feet are prohibited in the northbound direction. The single lane condition is expected to remain in place for most of the construction season. The southbound passing lane is closed for the northbound reconstruction work.

### **Northumberland County:**

The contractor will be working on the Route 147 southbound bridge over Chillisquaque Creek and the bridge over Ridge Road. There may be occasional flagging at both locations for construction operations.

Route 147 traffic is using a temporary crossover to the new northbound bridge over Chillisquaque Creek.

For more information on the CSVT project, please visit [www.csvt.com](http://www.csvt.com).

Motorists can check conditions on more than 40,000 roadway miles by visiting [www.511PA.com](http://www.511PA.com). 511PA, which is free and available 24 hours a day, provides traffic delay warnings, weather forecasts, traffic speed information and access to more than 860 traffic cameras.

511PA is also available through a smartphone application for iPhone and Android devices, by calling 5-1-1, or by following regional Twitter alerts accessible on the 511PA website.
