CSVT Update for Upcoming Week

Montoursville, PA – Work is progressing on the Northern Section of the Central Susquehanna Valley Transportation (CSVT) project in Northumberland, Union and Snyder counties as follows:

Bridge, drainage, excavation and embankment work continues throughout the project limits in Northumberland County. Ridge Road was recently relocated ¼ mile north of the existing Ridge Road.

Construction of the river bridge piers on the west side of the river continues.

A long-term lane restriction is in place on Route 15 south of Winfield near County Line Road. A 13-foot width restriction is in place. The lane restrictions are needed to reconstruct sections of existing Route 15.

The contractor is installing erosion and sediment controls and performing earthwork and drainage work on either side of Route 15.

For more information on the CSVT project, please visit www.csvt.com.

Motorists can check conditions on more than 40,000 roadway miles by visiting www.511PA.com. 511PA, which is free and available 24 hours a day, provides traffic delay warnings, weather forecasts, traffic speed information and access to more than 825 traffic cameras.

511PA is also available through a smartphone application for iPhone and Android devices, by calling 5-1-1, or by following regional Twitter alerts accessible on the 511PA website.
