

Where *is* traffic coming from and going to?

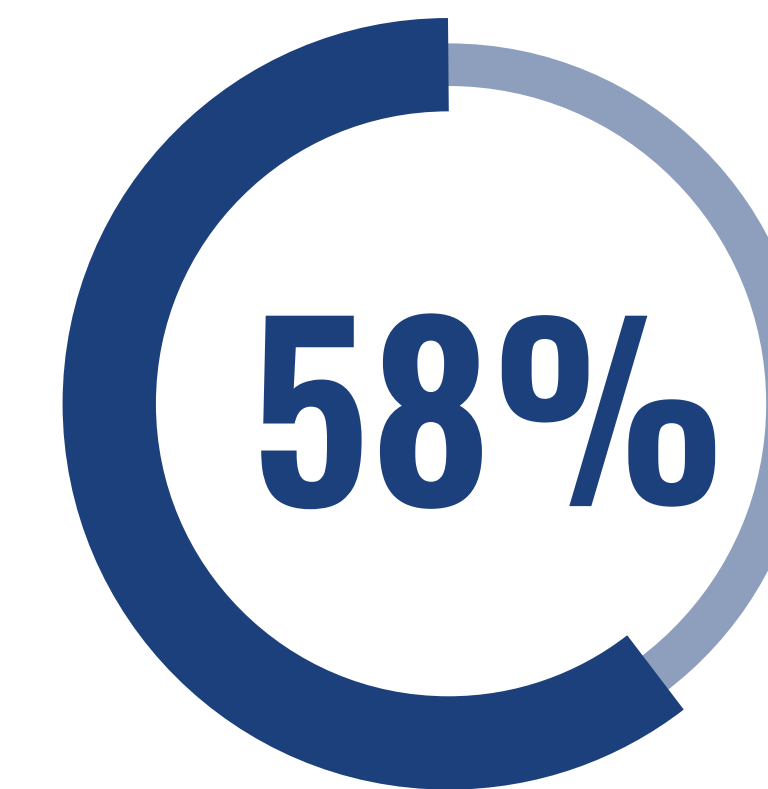

CAR TRAFFIC

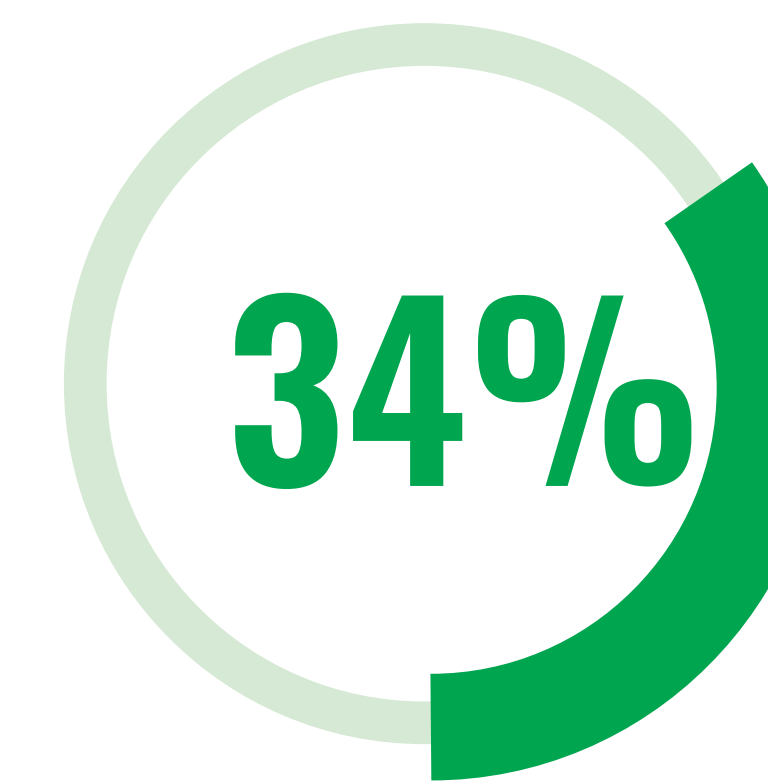

% = Percentage of northbound US 11/15 traffic at 11th Avenue

Using new data, current travel patterns were identified, and they are very similar to those from the original traffic studies for CSVT.

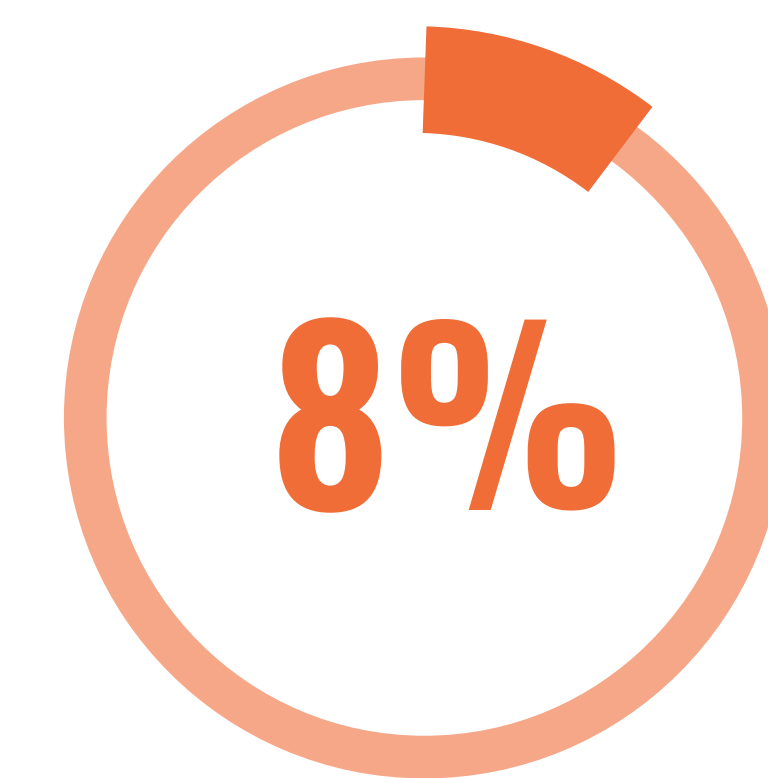

TRUCK TRAFFIC

Both Origin and Destination are Outside the CSVT Study Area

Either Origin or Destination is Outside the CSVT Study Area

Both Origin and Destination are Inside the CSVT Study Area

92% of truck traffic has an origin, destination, or both outside of the study area and would be served by CSVT and the PA 61 Connector.
